

RESEARCH

The establishment of Research centre is a sign of entrepreneurial activities of faculty and academic units. Our college has always promoted research as an integral part of the curriculum. It was the pioneering efforts of the management that led to the establishment of **Sr.Landrada Centre for Educational research in the year 2012.**

GRANT OF RECOGNITION

Tamilnadu Teacher Education University has granted provisional recognition to conduct research leading to Ph.D.,degree from the academic year 2011-2012 (Ref No TNTEU/R/Ph.D (New)/2011/369 dated 30.06.2011).

- **Sr.Landrada centre for Research** is to produce work that is thoroughly integrated with empirical analysis and innovation awareness, with specific emphasis on accumulating statistical evidence and developing key indicators to solidify its research work.
- The Centre for Educational Research provides and promotes international comparative research, innovation and key indicators, explores forward-looking and innovative approaches to education and learning, and facilitates bridges between educational research, innovation and policy development.
- **Sr.Landrada centre for Research** functions as a springboard to promote research initiatives through '**Inigo Edu Research Journal**' with ISSN 2278-6899. So far more than 60 research papers have been published.
- From 2020 January onwards Inigo Edu Research Journal will be upgraded as a peer-reviewed and refereed Bi-annual journal
- Under the guidance of **Dr.S.Francisca**, (Former Research Director) 4 scholars were awarded Ph.D. degree through our **Sr.Landrada centre for Research.**
- At present **Dr.M.Maria Saroja** has been recognized as a supervisor for guiding candidates leading to Ph.D.

Ethics in Research

- The topic of research should be original and unique.
- The research should not be on an existing research work.
- The research work should be carried out throughout the stipulated period.
- To the extent possible submission should be in time.
- Collection, analysis and drawing inferences should be through proper course of action.
- Research work should be forwarded by the respective Head of the Department
- Thesis/Dissertation should be available in the college library/department library for reference to all.
- The viva voce examination should be conducted strictly as per the guidelines prescribed.
- Each publication has to be intimated to the Research Cell and to be updated in the database by the author.
- Values are to be inculcated to carryout fair research activities.
