BRIDGE COURSE

On 25th July 2017, classes for 1 year B.Ed course started. The day was utilized for rapport building and self introduction and course introduction. This year our college conducted bridge course from 26.07.2017 to 09.08.2017. Communication is the real mark of leadership. The key benefit of this course is the confidence and morale that automatically gets a boost and a push with good personality development. Students were trained to get an easy flow of speech in conversation as it can lead to a more successful career and promise for the future. Moreover, although life provides numerous demands that can prove difficult to handle, stress management provides a number of ways to manage anxiety and maintain overall well-being.
