Report on World Storytelling Day Celebration

20.03.2025

Rationale:

Storytelling is a powerful medium that helps in fostering creativity, communication skills, and empathy, making it an essential tool in the development of student teachers. By encouraging them to narrate their own stories, the session aimed to develop these qualities while nurturing a love for the rich tradition of storytelling.

Minutes:

In commemoration of World Storytelling Day, Sr. Lily Pushpam Library & Readers Club organized an engaging and thought-provoking storytelling session titled "Echoes of Imagination: Celebrating the Art of Storytelling" on 20th March 2025. The event was an enriching experience for the first-year student teachers, who participated enthusiastically in sharing stories that captivated the audience's imagination. The session began with an introduction by Dr. P. Johncy Rose, the Librarian, who explained the importance of storytelling and shared valuable insights on the art of storytelling, providing useful tips and techniques on how to narrate a story effectively ranging from voice modulation to the use of body language, and how to engage an audience.

Following her insightful talk, the first-year student teachers took center stage, each one sharing a unique and imaginative story. The stories ranged from folk tales to modern-day fables, each filled with rich characters and vibrant plots that transported the audience to different worlds. The student teachers displayed their creative storytelling skills, drawing the audience into their tales with vivid expressions and captivating narratives.

Outcome:

The storytelling session proved to be both an enjoyable and educational experience for all involved. The student teachers not only had the chance to enhance their storytelling abilities but also gained a deeper understanding of the art of narrative communication. Through the session, they learned how to make a story engaging and memorable, skills that will be invaluable both in their personal lives and future classrooms.
