Abiya Chelliah is presenting

Introduction

Genetics and Mendel's laws are the foundation of the study of the inheritance of traits. Mendel's laws are the basis of genetics.

"Look up, William! What do you see?"

"I see the stars!"

"Remember, William, the stars are not just points of light. They are worlds away from us. They are the seeds of life. They are the seeds of the future."

Remember, William, the stars are not just points of light. They are worlds away from us. They are the seeds of life. They are the seeds of the future."

SPECIAL TALK

01.03.2021 - 05.03.2021

Time- 10.00 a.m. to 11.30 a.m.

DATE	PROGRAM DETAILS	Mrs.M.Gnana Kamali, Assistant Professor of Computer Science
01.03.2021 (Monday)	Internet Scam	
02.03.2021 (Tuesday)	Virtual Lab Access	
03.03.2021 (Wednesday)	Logic Circuit	

The image shows a Zoom meeting interface. A presentation slide is overlaid on the left side of the screen. The slide has a light beige background with a grid pattern. The title "Virtual labs" is written in red, underlined text. Below it, the word "Introduction" is written in green, underlined text. The main text of the slide is in black and discusses the challenges of physical labs and how web-based and video-based courses can address these issues. The Zoom interface includes a video grid on the right showing several participants, a "Meeting details" sidebar on the far right, and a control bar at the bottom with icons for mute, video, and chat.

Raja Haritha is presenting

Virtual labs

Introduction

Physical distances and the lack of resources make us unable to perform experiments especially when they involve sophisticated instruments. Also good teachers are always a scare resource. Web based and video based courses address the issue of teaching to some extent.
